MAINE WILDERNESS OVERNIGHTS AND SUPER TRIPS

Overnight river trips are a wonderful way to explore the wild rivers of Maine. Two days of paddling and camping on the river. We start our adventure inflatable kayaking with rapids up to Class III. Your guides will give you pointers along the way, and before you know it you will be searching out waves to run and holes to surf. We stop for a lunch and a hike to one of the area waterfalls or swimming holes, and then we switch to our historic 10 person voyageur canoes to paddle to a remote camping site along the Kennebec River and Wyman Lake. ADVENTURES

The Deerfield River in western Massachusetts runs for 76 miles from southern Vermont through northwestern Massachusetts to the Connecticut River. The Deerfield was historically influential in the settlement of western Massachusetts, but still runs wild through the foothills of the Berkshires. Here the Deerfield River drops steadily through a steep birch lined gorge. Special whitewater dam releases make it possible to raft and Funyak all summer long.

Moxie Outdoor Adventures offers several river trips on these sections of the Deerfield river. Full and half-day trips in rafts and inflatable kayaks "Funyaks" for families to fanatics are available May through October. Our professional river guides and staff will enjoy taking you, your group or your family down this beautiful river. All trips are based out of our Mountainside base camp at Berkshire East in Charlemont, Massachusetts.

This 10 mile section of the Deerfield River offers a crystal clear river with Class II and III rapids. We will spend time surfing this hole as we head on down river. Most of the day we paddle along through fun easy rapids, enjoying water fights and swimming, while your guide fills you in on some of the local history. Rapids such as "Microwave", "Freight Train", and "Pinball" get raft crews to work together and get prepared for the highlight of the day—the Class III rapids of Zoar Gap! Below the rapid, we pull over riverside for a delicious picnic-style deli lunch.

THE KENNEBEC RIVER

With its large roller coaster waves and spectacular scenery the Kennebec is considered one of the best rafting rivers in the country. From the start it is not long before the calm clear waters begin to churn white and the roar of whitewater can be heard in the distance. The river begins to pick up speed as we enter the steep granite walls of the Kennebec gorge. From this point on the river snakes and plunges through large wave rapids, like "Big Mama", "Whitewater" and "the Alleyway". The Class V Magic Falls Rapid is always a heart-pounding highlight of the trip. After Class IV "Dead Stream Rapids" we join up with those rafting the Middle River. There is plenty of whitewater to run on the Middle River section including the Class III ± Black Brook and Carrying Brook Rapids. We serve lunch in the afternoon, a sizzling riverside barbecue of steaks, chicken, veggie burgers, pasta salad and the famous MOXIE BEANS.

The rest of the day, the river meanders through beautiful Maine forests. This provides a perfect opportunity to swim one of the many small rapids, try a little surfing in the Jacuzzi hole or just soak up the sunshine.
